$150,000 POWERBALL PRIZE WON IN FARGO

BISMARCK – The North Dakota Powerball winning streak continues, as someone hit it big with another Powerball six-figure win! A $150,000 Powerball with Power Play ticket for Wednesday night's draw won by matching four white balls and the Powerball. The winning numbers were 11, 38, 41, 62, 65, and the Powerball was 15. The Power Play multiplier was 3.

The lucky ticket was sold at M&H Gas #7, 1602 Main Avenue, in Fargo. The prize was $50,000, but as the player had also purchased the Power Play option, the ticket is worth $150,000. M&H Gas will receive a $2,000 bonus for selling the winning Powerball ticket. The holder of the winning ticket must claim their prize at the North Dakota Lottery office within 180 days of the draw.

"As the billion-dollar Powerball jackpot continues to rise, North Dakota Powerball players' luck has also continued," said Lance Gaebe, director of the North Dakota Lottery. "We just had a $100,000 Powerball winner on Monday night. Fingers are crossed here at the Lottery office that these last two big wins bring some additional luck and North Dakota gets a Powerball jackpot winner this Saturday."

The Powerball jackpot for the Saturday, April 6 draw is $1.23 billion. For winning numbers and other information, visit LOTTERY.ND.GOV.
