Attention North Dakota Lottery Players,

The North Dakota Lottery is aware that there may be instances of multi-draw Mega Millions® tickets purchased prior to January 1, 2026, which display an incorrect draw date range. These tickets indicate an end date for one additional draw beyond the number of draws purchased. We apologize for the misprinted date and have entered a free ticket with the same play numbers into the extra draw date printed on the original ticket; the multiplier for the free play is completely random and may result in a different multiplier than printed on the original ticket.

If you have a ticket which displays a draw date range that is longer than the number of draws purchased, please mail your ticket(s) to the lottery. We will validate your ticket and the free play ticket and pay all winnings. Our mailing address is (PO BOX 204, Bismarck, ND 58502-0204) or contact the ND Lottery at 701-328-1574/Toll Free in ND at 1-877-635-6886. We apologize for any inconvenience.
